Sprint 1

1. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

   I want to learn and be better at dividing tasks in the scrum board.
   tasks.

2. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

   My contribution toward the team is my programming knowledge.

Sprint 2

3. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

   I want to learn more about user stories and how to divide them correctly into tasks.

4. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

   This sprint I focused on merging what I've done to the master branch and implemented two new user stories.

5. **Changes/improvements from last week's reflection?**

   Now I am a bit better at dividing tasks but still need to work on it.

Sprint 3

6. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

   I want to learn more about user stories and how to divide them correctly into tasks. Plus understanding more how to write them.

7. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

   This sprint I focused on implementing the map view and search field in it to search for stations near a desired place.

8. **Changes/improvements from last week's reflection?**

   Now I am a bit better at dividing tasks but still need to work on it.

Sprint 4

9. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

   understand better what others meant with their user story when I implement them

10. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

    This sprint I focused on implementing some layouts in the app and the side menu.

11. **Changes/improvements from last week's reflection?**

    I got better at writing user stories. I also now am more used to communicating with the team.

Sprint 5

12. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

    Nothing special for this week.

13. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

    I did some of the backend for logging in and encrypting the user info.

14. **Changes/improvements from last week's reflection?**

    I now am more used to communicating with the team. I also got better at understanding what others mean in their user stories and how to implement it in code.
